

Ginfort® is the world's first powdered ginger extract containing >26% gingeroids (gingerols and shogaols). Patented and extracted using Aqueosome® Technology which increases solubility and bioavailability, **Ginfort®** delivers more than 12x the gingeroid and 6-gingerol content of traditional ginger rhizome preparations.

Ginfort® is clinically studied to significantly reduce discomfort associated with primary dysmenorrhea at a convenient low daily dose of 200mg. **Ginfort®** also relieves symptoms of functional dyspepsia, significantly improving postprandial fullness, upper abdominal bloating, and early satiety at a low daily dose of 400mg.

Product Characteristics:

Advantages:

- Free-flowing powder
- Solvent-free extraction
- Highly concentrated
- Robust safety studies
- Dose: 200mg – 400mg/day

Applications:

- Capsules, tablets
- Powders
- Beverages
- Gummies

Certifications:

- Non-GMO
