

VegD3®

VegD3® is the only pure plant-based vitamin D3 with unmatched versatility, quality, sustainability and stability. It is the gold standard vitamin D3 on the market. It has a fully traceable, ethical supply chain and is solvent free. With proven bioavailability and better stability over other plant based vitamin D3 ingredients, VegD3® provides a cost advantage from using less overage. VegD3® has excellent organoleptic properties and is highly stable, making it ideal for all types of functional and fortified food, beverages and dietary supplements.
